

MOHAMED ABDULMOHSEN JAJAH

SR. PROJECT MANAGER | SR. DATA ANALYST | ELECTRONICS & COMMUNICATIONS
ENGINEERING | CLOUD SOLUTION ENGINEERING | ITIL ADVISOR

Bahraini | +973-32343455 | ENG.M.MOHSEN@GMAIL.COM | [LINKEDIN](#)

PROFILE: ([Click to Listen To My Journey](#)) 

IT Project Manager with over 19 years of experience managing maintenance projects and 11 years of expertise leading IT projects effectively. I am skilled in leveraging data analytics to drive informed decision-making, optimize project workflows, and enhance operational efficiency. Successfully managed budgets and schedules to deliver projects on time, improving resource allocation and cost control. Proficient in project management methodologies such as PRINCE2 and ITIL, as well as analytics tools like Power BI, SQL, and Excel, enabling actionable insights and data-driven strategies. Adept at aligning technical teams and stakeholders in dynamic, high-demand environments, ensuring optimal performance and stakeholder satisfaction.

HIGHLIGHTED SKILLS:

- **DATA ANALYTICS:** EXCEL | SQL | PAYTHON | Power BI | Tableau
- **DATA VISUALIZATION:** Power BI | MS Project | MS Visio | MS PowerPoint | MS Fabric | MS Sway
- **COLLABORATION TOOLS:** Microsoft Teams | SharePoint | OneDrive | Outlook | Slack
- **PROGRAMMING LANGUAGES:** C++ ([Object Oriented](#)) | C# ([Object Oriented](#)) | Python
- **SOFT SKILLS:** Leadership Problem Solving | Strategic Planning | Communication | Negotiation | Teamwork | Time Management | Priority Management | Budget Control
- **LANGUAGES:** Arabic ([Native](#)) | English ([Fluent](#)) | Spanish ([Beginner](#)) | Hebrew ([Beginner](#))

WORK EXPERIENCE:

✓ **Head, Electronics Engineering Group | JAN 2025 – Present**

Ministry of Education - Dir. Educational Facilities | Manama, Bahrain

- Spearheaded strategic and technical oversight for 220+ educational facilities and the Administrative Building, leading cross-functional teams to modernize infrastructure and services.
- Achieved a 15% reduction in annual maintenance costs by optimizing infrastructure and implementing data-driven, predictive maintenance programs.
- Directed the integration of smart technology and Internet of Things (IoT) solutions across the portfolio, demonstrably improving student engagement and operational efficiency.
- Developed and executed staff training programs on new electronic and facility management systems, significantly boosting operational readiness and efficiency across the group.
- Championed sustainability initiatives, optimizing facility performance to ensure long-term, cost-effective infrastructure management.

✓ **SR. Electronics Eng./IT Project Engineer | JAN 2022 – JAN 2025**

Ministry of Education - Dir. Educational Facilities | Manama, Bahrain

- **Executed** full lifecycle management for complex, high-priority IT and electronics projects, ensuring **100% on-time delivery** across a portfolio of [Insert Project Value/Number of Projects].
- **Directed** cross-functional teams and managed stakeholder coordination using hybrid methodologies (Agile, Scrum, Waterfall) to drive project efficiency and alignment with strategic objectives.
- **Reduced project risk** and enhanced compliance by developing and implementing standardized risk management frameworks and utilizing project management tools including **MS Project** and **Power BI** for advanced reporting and predictive analysis.
- **Optimized resource allocation** and budget adherence across all assigned initiatives, resulting in an average project realization within **[90%]** of the initial budget projection.

✓ **Electronics Engineer / Tendering Engineer | SEP 2008 – JAN 2022**

Ministry of Education - Dir. Educational Facilities | Manama, Bahrain

- **Procurement & Tendering Oversight:**
 - **Managed** the full tendering process for high-value electronics and IT projects, preparing detailed technical and commercial documents that ensured compliance with governmental regulations and technical specifications.
 - **Reduced** procurement cycle time by **[66%]** through streamlined collaboration with procurement, finance, and legal teams, improving cost estimation accuracy and resource planning.
 - **Evaluated and finalized** bid submissions for complex infrastructure projects, directly influencing vendor selection and achieving optimal contractual agreements for the Ministry.
- **Facility Maintenance & Asset Management:**
 - **Oversaw** comprehensive maintenance and operational continuity programs for all electronic devices and systems across **220+ schools** and the Administrative Building.
 - **Increased** system uptime and operational efficiency by **[80%]** by developing and directing robust preventive and corrective maintenance schedules across the entire educational facility portfolio.
 - **Spearheaded** the technical evaluation of new equipment, ensuring all purchases were cost-effective, sustainable, and met the long-term strategic needs of the organization.

PROJECTS:

1. Implementation of Integrated Cloud-based CCTV System with MPLS Connectivity

Ministry of Education (Directorate of Educational Facilities), Manama, Bahrain

JAN 2025 – JAN 2027 (In Progress)

- Leading the end-to-end implementation of a cloud-based CCTV system integrated with MPLS connectivity, enhancing security and network reliability across multiple sites.
- Coordinating with cross-functional teams and vendors to ensure seamless deployment and minimal disruption to operations.
- Manage project timelines, budgets, and resources to deliver the solution on schedule and within budget.
- Overseeing system testing, optimization, and staff training, resulting in high user adoption and improved monitoring capabilities.
- Establishing maintenance and support protocols to ensure long-term system performance and scalability.

2. Central Printing Solutions for Examination Department

Ministry of Education (Directorate of Educational Facilities), Manama, Bahrain

JAN 2025 – JAN 2027 (In Progress)

- Leading the development of a centralized printing system, reducing turnaround time by 30 % and material waste by 25 %.
- Coordinating cross-functional teams to deliver a user-friendly solution with positive stakeholder feedback.
- Training staff to ensure smooth adoption and improved operational workflow during exam periods.

3. Upgrade of Integrated Cloud-Based MPLS Connectivity & IP Telephony

Ministry of Education (Directorate of Educational Facilities), Manama, Bahrain

JAN 2025 – JAN 2027 (In Progress)

- Enhancing IP Telephony performance and reliability for over 5,000 users across multiple sites.
- Reducing transition downtime by 30 % and operational costs by 15 % through vendor partnerships.
- Delivering staff training programs, increasing adoption of new tools by 40 %.

4. Implementation of Integrated Cloud-Based MPLS Connectivity & IP Telephony

Ministry of Education (Directorate of Educational Facilities), Manama, Bahrain

JAN 2022 – DEC 2024 (Accomplished)

- Improved communication efficiency by 30 %.
- Led the transformation of the entire infrastructure to cloud-based services with central management capabilities.
- Reduced calling bills by 30 % by ensuring inbound calls between all schools and administrative facilities.
- Conducted training for more than 100 staff, reducing support tickets by 25 %.
- Established post-launch monitoring protocols, increasing service reliability by 20 %.

5. Implementation of Integrated On-Premises CCTV System

Abdulla bin Khalid Al Khalifa College of Islamic Studies, Isa Town, Bahrain

JAN 2022 – DEC 2024 (Accomplished)

- Designed and installed a comprehensive CCTV system, improving campus safety.
- Conducted testing and feedback sessions, leading to a 50 % increase in reported safety measures.

EDUCATION: ([Click to Download](#))

Bachelor of Engineering | Engineering of Electronics and Communications | (FEB 2006)

By: Arab Academy for Science and Technology (Faculty of Engineering) | EGYPT (ALEX)

Graduation Project: Wireless Security at Enterprise Mode ([Grade A](#))

Graduation Training: Navigation of Ballistic Missiles units, rectification, and design com-links

By: Egyptian Armed Forces | Arab Organization for Industrialization| Factory, and Defense Industries

CERTIFICATIONS & COURSES: ([Click To Download](#))

- **Microsoft Power BI Data Analyst Associate (APR 2025)**
Certified by: Microsoft & Tamkeen | Certification number: F41C05-BT050A
 - **Microsoft Solutions Expert – Windows Server 2016 (SEP 2020)**
Certified by: Microsoft | Certification number: 0F6463-A845CC
 - **Microsoft Solutions Associate – Windows Server 2016 (AUG 2020)**
Certified by: Microsoft | Certification number: 3918T5-9E5C13
 - **PRINCE2® Foundation – Certificate in Project Management (AUG 2020)**
Certified by: Axelos–PeopleCert | Certification Number: GR656163022MS
 - **PRINCE2® Practitioner – Certificate in Project Management (AUG 2020)**
Certified by: Axelos–PeopleCert | Certification Number: GR657073373MS
 - **ITIL® 4 Foundation – Certificate in IT Service Management (AUG 2020)**
Certified by: Axelos–PeopleCert | Certification Number: GR671171135MS
 - **AWS Certified Solutions Architect – Associate (AUG 2020)**
Certified by: AWS | Certification number: Z1RRYCLKP114 HGN
-

TRAINING COURSES: ([Click To Download](#))

- **AWS Technical Essentials (FEB 2020)**
Performed By: AWS-Bahrain | E-GOV
- **Architecting on AWS (AUG 2020)**
Performed By: AWS-Bahrain | E-GOV
- **Systems Operations on AWS (FEB 2020)**
Performed By: AWS-Bahrain | E-GOV
- **Security Engineering on AWS (FEB 2020)**
Performed By: AWS-Bahrain | E-GOV

LICENCES : ([Click Here to Download](#))

- **CRPEP License: Project Manager (JAN 2021)**

Licensed By: Council for Regulating the practice of Engineering professions |

License Number: [EPP/MIN/023/PMO/01-A](#)

Category: **A**

- **CRPEP License: Electronics & Communications Engineer (JUL 2020)**

Licensed By: Council for Regulating the practice of Engineering professions |

License Number: [EPP/MIN/023/PMO/01-A](#)

Category: **A**

- **BTB Tenders Evaluation & Auditor (JAN 2014)**

Certified By: Bahrain Tender Board

Certification Number: [20210362](#)

AWARDS:

SOFTWARE SKILLS DEVELOPMENT PROGRAM (SEP 2007 TO JUL 2008)

By: Information Technology Institute | Ministry of Communications & Information Technology | EGYPT
